Horizontally Opposed Boxer Engine

Constant All-Wheel Drive

Subaru Intelligent (SI) Drive

5 Star ANCAP Safety Rating

Performance enhanced

LIBERTY tuned by **STI**

The 2008 Limited Edition Liberty GT spec.B tuned by STI

Bred for performance, the stunning Liberty GT spec.B is now tuned by STI for even more exhilaration.

Harnessed beneath the hood lies the power of a turbo charged 2.5-litre Boxer engine enhanced by STI to a heart-pounding 194kW. Handling is razor sharp thanks to STI tuned sports suspension and an STI aerodynamics package. Furthermore, low profile Bridgestone Potenza tyres and constant Symmetrical All-Wheel Drive ensure it's anchored to the asphalt.

This thoroughbred is dressed to thrill, sporting STI lightweight multi-spoke 18" alloys, dual STI twin pipe mufflers, Brembo performance brakes and Limited Edition 'tuned by STI' badging. And the grooming continues inside, where black leather upholstery with Alcantara inserts embellish an already luxurious interior.

If performance is your passion you'll love the Subaru Liberty GT spec.B tuned by STI. Available in Sedan or Wagon with a range of colours including Obsidian Black and Steel Silver. The exhilaration is limited* to 250 only, so book your test drive today. For more information about the advantages of owning a Subaru, please see one of our friendly Authorised Subaru Consultants.

*The limited edition Liberty GT spec.B tuned by STI will be available in April 2008.
Please contact your nearest Subaru Retailer to place your order as stocks are strictly limited to 250.
