

STI Parts now available through your Authorised Subaru Retailer

**Front Under
Spoiler**
Part No:
ST9602021030

Trade Price:
\$635.59*

MY07-08 Liberty Spec B (GT and 3.0R)

The STI Front Under Spoiler enhances the vehicle aerodynamics of the Liberty. In wind tunnel testing the front spoiler improved the front lift coefficient (CL_f) by approximately 80% (when tested with the STI Boot Spoiler). The optimum aerodynamic balance is achieved when the STI Front Lip Spoiler is combined with the STI Boot Spoiler. High speed handling of the vehicle is therefore improved.

**Front Under
Spoiler**
Part No:
ST9602021040

Trade Price:
\$635.59*

MY07-08 Liberty GT

The STI Front Under Spoiler enhances the vehicle aerodynamics of the Liberty. In wind tunnel testing the front spoiler improved the front lift coefficient (CL_f) by approximately 80% (when tested with the STI Boot Spoiler). The optimum aerodynamic balance is achieved when the STI Front Lip Spoiler is combined with the STI Boot Spoiler. High speed handling of the vehicle is therefore improved.

**Short Shift Gear
Lever Assembly**
Part No:
ST3501021020

Trade Price:
\$488.92*

MY06-08 Liberty 6 Speed

The 'Short Shift' Gear Lever Assembly features a re-designed linkage allowing a reduced length gear lever and a 10% shorter throw between gears. Bushes are stiffened to ensure that a crisp shift is possible, while all surrounding components remain unaffected.

Lower Arm Bar
Part No:
ST2051021010

Trade Price:
\$293.36*

MY07-08 Liberty GT & GT Spec B

The Lower Arm bar for Liberty GT helps to increase chassis stiffness. The brace will improve handling stability and ride comfort. The brace comes in silver finish with a cherry red STI logo

STI Parts now available through your Authorised Subaru Retailer

Lateral Link Set
Part No:
ST2029021000

Trade Price:
\$738.66 *

MY04-08 Liberty

Front link of the rear suspension (toe control link) both sides, rear link (lower lateral link) inside feature ball-jointed fittings replacing the original rubber bushes. This reduces suspension friction, improving ride and roadholding. The high lateral stiffness of the balljoints also improves camber stiffness of the rear suspension which improves the grip and handling. Note: Rear suspension road noise may increase with the fitment of these components.

Boot Spoiler
(unpainted)
Part No:
ST9605021110

Trade Price:
\$561.09*

MY04-08 Liberty Sedan

Subtle European style and the performance look of STI. The STI Boot Spoiler improves the high-speed stability of the vehicle by creating down force from the airflow over the boot of the car. The rear co-efficient of lift has been improved by approximately 40% in wind tunnel tests (when tested with the STI Front Lip Spoiler on GT). The optimum aerodynamic balance is achieved when the STI Boot Spoiler is combined with the STI Front Lip Spoiler. The spoiler is made from durable ABS resin and incorporates a LED high mounted rear stoplight. Note: This spoiler will need to be painted before fitment to vehicle

- Lowering Kit - P/No STIGLOSKIT05 - MY06-08 Liberty 3.0R Spec B (Sedan 5AT)
- Lowering Kit - P/No STIGLOWKIT05 - MY06-08 Liberty 3.0R Spec B (Wagon 5AT)
- Lowering Kit - P/No STIGLOSKIT06 - MY06-08 Liberty 3.0R Spec B (Sedan 6MT)
- Lowering Kit - P/No STIGLOWKIT06 - MY06-08 Liberty 3.0R Spec B (Wagon 6MT)

TRADE PRICE FOR THE ABOVE - \$518.40* (The 3.0 R Spec B Lowering kit comprises lowered coil springs that are both firmer and lower than standard fitment. Vehicle ride height is reduced by approximately 15mm, thereby giving an aggressive stance. Springs come in STI's trademark 'Cherry Red' colour for instant recognition.)

- Lowering Kit - P/No STIGLOSKIT07 - MY07-08 Liberty GT Spec B (Sedan AT & MT)
- Lowering Kit - P/No STIGLOWKIT07 - MY07-08 Liberty GT Spec B (Wagon AT & MT)

TRADE PRICE FOR THE ABOVE - \$550.80* (The GT Spec B Lowering kit comprises lowered coil springs that are both firmer and lower than standard fitment. Vehicle ride height is reduced by approximately 15mm, thereby giving an aggressive stance. Springs come in STI's trademark 'Cherry Red' colour for instant recognition.)
