SKIDPAN COURSE

Information for your day with Fifth Gear Motoring

After Hours contact number – 0432 980 715

A location map to the Sutton Road Driver Training Complex is on our web site at the following address: http://www.fifthgear.com.au/defensive_directions.php and the course is held on the skid pan to the left as you drive in the gate.

The course duration is 8am to approximately 12:30pm for a morning course and 12:45pm to approximately 5:15pm for an afternoon course. Drinks are provided for the day.

It is advisable to dress to suit the weather conditions of the day and be mindful to wear suitable footwear e.g.: no thongs, heels, etc.

It is a requirement by the training complex, that the vehicle you bring for the course is in a road worthy condition and that it must not exceed RTA noise limit - 90dba. We will have a noise metre at the course to monitor vehicles.

It is advisable that you check the following things on the vehicle you plan to bring on the day of your course.

- There should no loose object in the vehicle like umbrellas, speakers, luggage, junk etc.
- Windows are clean inside and out.
- Tyre pressures are correct, you may need to refer to the owner's manual or there should be a sticker inside the driver's door with required pressures. I would advise not to put bald tyres on the rear as you will need tread in the wet for best vehicle control.
- You have at least ¾ of a tank of petrol.
- All fluid levels under the bonnet are correct, especially water & oil.

The above information is a guide and if you have any concerns prior to attending the course then please feel free to contact us for help on 0466 460 911. You are more than welcome to invite spectators to watch and bring along cameras etc.

We look forward to seeing you on the day.

Thanks

Fifth Gear Motoring.
